- Sample Feedback:

- “This was probably the best class I’ve had at Lincoln. The instructor is engaging and hilarious. Mr Lyonheart is approachable, he just gets it. Great class.”
- “I enjoyed this class so much. He made learning interesting and fun to learn about biblical topics I hadn't thought of before.”
- “This has without question been the best class I have ever taken for school.”
- “Dr. Lyonhart was extremely knowledgeable and engaging. Very well done!”
- “Professor Lyonhart is an amazing professor. He makes clear what he expects and if you need help he is always more than willing to help.”
- “This instructor truly seemed to care about the class and worked hard to present the material in a way that was engaging.”
- “This class was so amazing. It opened up many alternative views that I had never heard of before. The professor was very skilled at representing each view point. Each was treated with respect and assessed without bias.”
- “This was perhaps the best class I have ever taken, and Lyon-heart was a Phenomenal professor. He kept the class engaged, allowed great discussion, and encouraged questions. He genuinely showed he cared for the class and for the material and taught it extremely well. I feel I have learned a lot from this class and I am sure others have as well.”
- “This was one of my most favorite classes! The professor was amazing and did an amazing job at teaching and communicating the topics. He was funny and made the class a Joy to be in. This class helped me to think critically and helped me develop my faith even more. This was an excellent class with an excellent professor!”
- “This (sic) hands down the best Professor on campus no questions asked. Very helpful and always knows how to make the class interesting and fun. He would bring in outer things that related to us students to help understand class and he also had open discussions with us while in class.”
- “Lyonhart is my favorite teacher i (sic) love his teaching style and he was amazing at keeping everyone engaged.”
- “My favorite class this year. Professor was fantastic and material and class set up was incredibly engaging due to the professor's attitude and teaching style.”
- “Dr. Lyonhart is a very engaging professor! He seemed to know how to connect with students well, to keep them interested, and to make class entertaining as we learned. I admire that he was open with us about his uncertainties on questions that the answers to cannot be known and the humility he had when it is not possible to be certain about particular questions. However, I think that he showed that being uncertain does not undermine our faith. I like that even if there was not a clear answer, he was very knowledgeable on the various options or traditions that the church and scholars had presented.”
- “Dr. Lyonhart was an amazing professor, going into it I did not know what to expect because he was a new professor. I was very pleasantly surprised that I was able to like an 8 a.m. class, he was always so awake at 8 in the morning which was absolutely crazy to me. He made sure that we were all involved in the classroom by doing different class debates which were probably some of my favorite class times. He has challenged me to question my own faith and to get a deeper understanding of what I believe aside from what my parents believe. He is a professor that I will never forget throughout the years.”

- “I really enjoyed your class and loved the content...”
- “Awesome Class I Ever Took!!!!”
- “I really enjoyed taking this class. The one thing I had a problem with was getting up early for class.”
